

Sparkling Solaris, 2022

75cl / 13% Vol

R

This versatile variety is the star of the show on our 5 acre Shropshire Vineyard.

A short secondary fermentation and minimal time on lees lends itself perfectly to the easy going nature of this wine. A refined fizz, with notes of green nettle & floral hints, finishing off with classic green apple acidity.

Country: England

Region: 100% Rowton

Grape: Solaris

Style: Traditional Method Sparkling

pH: 3.00

Ta: 9.3g/l

Residual Sugar: 4.5g/l

Alcohol: 13%

Bottle size: 75cl

This wine was fermented & aged for 3 months, just enough to make a Sparkling wine, but not too much to over power the primary fruit flavours!

Vintage report

2022 saw us craft our very first harvest from our vineyard. The weather was superb all year, with no frost damage in the late Spring, followed by good flowering weather and one of the hottest summers on record to ripen it all.

These Solaris grapes were harvested 4 days before our main crop of Solaris. With the aim to retain some higher acidity with a focus on the greener fresher notes.
